Taskmaster

Overview

Usage

Register

Navigate to the registration page by accessing <http://localhost:8000/signup/>.

Fill out the registration form and submit.

Login

Navigate to the login page by accessing <http://localhost:8000/login/>.

Enter your credentials and submit.

Create Task

Once logged in, navigate to the create task page by accessing <http://localhost:8000/create-task/>.

Fill out the task creation form and submit.

View Task

To view a task, click on the task title from the list of tasks on the homepage or navigate to http://localhost:8000/tasks/<task_id>/ where <task_id> is the ID of the task.

Update Task

To update a task, navigate to the task's detail page and click on the "Edit" button or navigate to http://localhost:8000/tasks/<task_id>/update/ where <task_id> is the ID of the task.

Modify the task details and submit the form.

Delete Task

To delete a task, navigate to the task's detail page and click on the "Delete" button or navigate to `http://localhost:8000/tasks/<task_id>/delete/` where `<task_id>` is the ID of the task.

Confirm the deletion.

Tests

To run the tests, execute the following command:

```
python manage.py test
```
